# Thrifty shopping

Some of the best bargains and most unusual gifts can be found at your local thrift shop. You can feel good about shopping there because your money supports worthy causes and provides local jobs or job training. And re-using clothes and other items (or donating your own unneeded things) is also good for the environment. Here are some of the many thrift shops in the East Bay. Their days and hours of operation vary, so it's a good idea to call before visiting.
